ELEVATIONS AND DIMENSIONS IN METRES
BEARINGS ARE MAGNETIC

- WARNING:**
- RWY 05/23: SWY are absent.
 - RWY 05/23: PAPI is installed on the left side.
 - RWY on track 047°/227° shall not be used for take-off/landing.
 - TWY 2 is AVBL for taxiing, take-off and landing (helicopter-type landing) only of state aviation helicopters Mi-8 and class below.
 - RWY surface undulation not exceeding the tolerance is observed on segment between 500m from THR 23 up to 1200m towards THR 05. Aircraft buffeting is possible during landing run. Crew shall exercise extreme caution.
 - RWY 23: it is permitted to displace lineup position to the distance of 500m from threshold, the displaced lineup position is marked by three cones on the left and on the right side. Declared distances for the displaced lineup position: TORA 2700m, TODA 3000m, ASDA 2700m.
 - TWY 3 is closed due to reconstruction.
